(*c*) Only a small portion of the Sandal Spentwood dust is used for heating one boiler at Government Sandalwood Oil Factory, Mysore. No Sandal spentwood dust is used for this purpose at the Government Sandalwood Oil Factory, Shimoga. Government are not aware that this dust is required by the Agarbathi Manufacturers at Rs. 300-400 per bag.

(*d*) Attempts made previously to start ancillary industries based on sandal spentwood dust have not been successfull.

A small portion of the spentwood dust is now being used by the Factory for manufacturing agarbathies.
